St. Mary's Monastery

St. Mary's was the first Catholic Monastery to be built in Scotland since the Reformation and functioned as a community and a retreat house for the people of Scotland and beyond from then till the present day. This has been the home of the Redemptorists in Scotland since 1869 when the Community took up residence on the 19th March, the Feast of St. Joseph.

St. Mary's Centre of Spirituality is now widely recognised as an extremely valuable social and economic resource for both the City of Perth and the wider community. Individuals and groups find in the centre an oasis of peace and tranquillity in our very busy and pressurised world of today.

In 1981, in response to the needs of the wider community, the facilities of the Monastery were made available to the general public.

Owned and managed by the Redemptorists and staff, the Centre is truly ecumenical, welcoming people of all faiths and none, as long as the nature of our buildings is respected.

Our team works with guests to make sure you are happy with the menu and all services provided.
